# ***North Valley Chorale***

**The North Valley Chorale (NVC) is a voluntary, non profit (501 (c)(3)) organization** dedicated to the **cultural, musical, and social enrichment** of metropolitan Phoenix and its surrounding communities. Our sponsors, donors, advertisers and volunteers help us achieve our mission. Join us!

**We serve all segments of our community** by providing affordable and accessible performances of choral music from many traditions, eras, and cultures. Our repertoire ranges from classical to pop and Broadway.

**We reach out into the community** to serve and lift up those who are suffering and in need. During the holidays and throughout the year we share the gifts of music, companionship and goods with those who are needy, ill or homeless and their caregivers. This season we are proud to partner with UMOM shelters, the Banner Alzheimer Institute (BAI), St. Matthew School and several senior living communities. We are proud to be *"the choir that cares."*

**We are still looking for a few good singers.** NVC practices on Wednesday evenings at the Phoenix Boys Choir, 1131 E. Missouri Ave, Phoenix, AZ. Visit us on the web for more information about the NVC.

Call (602) 992-7095 to schedule an audition.

## **From the Director**

I can't believe we are concluding yet another season of music making, and what a journey it has been! We've travelled from Bach's glorious Magnificat with a stop for Faure's divine Requiem, ending on Broadway with our Patriotic salute to this amazing country.

Our Chorale family continues to grow. We've lost a few of our friends, welcomed back previous ones and made numerous more wonderful new friends who have brought such joy, wonder and love with them....not to mention their talent and great work ethic! Special thanks to Kelley Jean Bagby for taking on our photo board project her first year with the group! She and her daughter created this so that our audience could get to know ALL the members of the group--not just those who are the most visible.

We commissioned our first piece which was a huge success at our Spring concert and we're in the planning stages for our first European tour--not bad for a group that's concluding its 6th season.

The greatest asset this group has is its members. I never cease to be amazed at what heights this group can reach. Just when I think I might have raised the bar a bit too high for them, they go and jump over it with room to spare. This doesn't just magically happen but happens because of their commitment to excellence and their downright hard work--mixed of course with just the right measure of fun! They make "coming to work" such a joy for me. A huge thanks to them for all their time spent in learning the music & movement and to their families for giving up of their family time. This really is a family effort.

Our choir board headed by Dr. Anita Murcko is THE best. My thanks to each of them--Charley Hudson, Margaret Neno, Gary Thomson, Barbara Hoehne, Kelly Johnson, Dr. Mark Wallace, Carol Rosales and Graham Johnson for their dedication and vision. This is definitely a "working" board and each of them has their responsibilities that they take very seriously.

Our group is also blessed by our volunteers under the direction of Karen Thomson who not only has to make sure we have enough volunteers for each of our productions but also has to purchase & package food, make table arrangements, find Raffle items--the list goes on & on. She & her co-worker Margaret Neno spend numerous hours working on our behalf. A huge thanks to her & her team for their hard work.

I would be remiss if I didn't say a very special thanks to Shannon Barrett for ALL the hours she has put into the choreography for the group. She not only creates the movement but makes practice videos, works with individuals, small groups, etc. Her daughter Maddie has also been invaluable with her help with the NVC Junior ladies. We're also thankful for her bringing along her friend, David Mancuso who has been a great help to our men's section. The Barrett ladies have been joined this year with the Nyland ladies--Carolyn and Melanie, who have also helped with movement. As you can see it takes many people to create a Broadway experience.

I am in awe of Barbara Hoehne who created our Dwarf costumes, Snowman costume, plus all the ladies' and young ladies' vests, not to mention bowties and cummerbunds--oh yes, and also the hand towels that were for sale during Intermission. She's a DYNAMO and we're richly rewarded by her presence in our group.

Finally I need to thank the one person who helps keep me sane--my husband Graham who has been by my side for 37 yrs. --listening, encouraging and ignoring when necessary. We met in a choir rehearsal and have been in one choir or another for our entire marriage. He was THE one back then and he continues to still be my one & only. Thanks Graham for letting me be me.

*Eleanor*

**Department of Biomedical Informatics**

**Join us. [bmi.asu.edu](http://bmi.asu.edu)**

**Get your degree in Biomedical Informatics!**

Biomedical informatics (BMI) is a field recognized as increasingly essential to the advancement of the health industry. Skilled professionals in BMI are able to analyze and translate large amounts of health data, including research, into meaningful solutions that improve health care delivery and patient outcomes.

The **Bachelor of Science in Biomedical Informatics** integrates computer science, information technology, logic and reasoning, cognitive science, and other quantitative and technical methods, with biomedicine and health care delivery. This program will prepare students to effect positive changes in health care systems and settings through the analysis of patterns and trends in health data. Students can then apply that understanding to drive efficiencies in the way health is delivered today and in the future through predictive modeling. Students will also be have the necessary foundation to enter BMI graduate programs that will prepare them to assume leadership positions in health and other professional organizations.

**Settings in which you may be employable:**

- Health care agencies within federal and state governments
- Hospitals and health systems
- Community health centers
- Physician practices and clinics
- eHealth and medical diagnostic companies
- Health information technology system providers
- Health insurance companies
- Pharmaceutical companies
- Consulting services

**What can you do with this degree?**

- » Directors of Medical Informatics
- » Chief Nursing Information Officer
- » Project Manager
- » System Designer
- » Application Developer (Mobile/Desktop)
- » Health Information Technology (HIT) Consultant or Trainer
- » Medical Informatics Specialist
- » Clinical Systems Analyst

**NEW DEGREE, FALL 2014**

**Location:** Grand Canyon, Canyon Country & Northeast, Arizona, USA  
(Minutes East of Williams and 30 Minutes West of Flagstaff)

**Accommodations:** House, 3 Bedrooms + Convertible bed(s), 2 Baths (Sleeps 7)

Welcome to our beautiful vacation rental featuring great indoor and outdoor spaces surrounded by tall pines. Just five minutes to the Grand Canyon Railway, 25 minutes to Flagstaff, and minutes away to any one of six lakes. Enjoy hiking, fishing, hunting, skiing, the Grand Canyon and camp fires and BBQs under the beautiful Arizona sky. Located on over one acre, this 1500 square foot home is located at 7000 feet, between Flagstaff and Williams, the Gateway to the Grand Canyon. This home is beautifully decorated and fully furnished. It has a fully-equipped kitchen, 3 bedrooms, two full baths, a comfortable family room with wood stove connected to the kitchen and dining area, and a huge wooden deck surrounding the back and side of the house. Other amenities include Satellite TV, a Rainbow kids play set with 3 swings, slide and sand box, and two DVD players, one in the family room and one in the bunk bed room. Look forward to hearing from you!

# Think solar is expensive?

## Think again!

Get solar installed with no money  
out of pocket

## You can pay less to power your home

Electricity is something that you'll pay for anyways, so why not pay less than your current utility rates? You finally have the choice to generate your own clean, more affordable energy. With SolarCity, you can lock in low, predictable energy costs that are less than you currently pay. It's that simple.

Ready for a free consultation?
